THE NEW YEAR

- Welcome to the new year! October always starts our new fiscal year. If you have not renewed your PRPC membership then your gate key has expired. Those who did renew before the end of Sept. have already had another year added to their gate key. Remember, you have to attend a safety session every year to maintain membership. You won't be able to get in until you do.
- Regular membership sessions:
Oct, Nov & Dec:
Every 1st & 3rd Sundays - 1:00pm at the range
Every 1st Tuesday - 7:30pm at the range
- We did well with the express renewal sessions in August. It was a busy month and total renewals were over 40% again this year prior to October.
- New bench space has been installed in the 100 yard bays behind the tables. This will

- allow you some extra square footage to store your gear prior to using it. Remember, if other shooters come into the bay, it's your responsibility to make room for them to use the bay if you're using several tables.
- The target line at 50 yards should be completed soon. Hopefully, the issue will be resolved permanently with our hardware. If it needs to be changed, we'll do so. The safety issue is the target holder needs to be sufficiently small so that shooters at 50 yards will ALWAYS be able to see someone down range at the 100 yard line. Due to this concern, using the full size 4x8 foot black cellotex backers is a No-Go.
- Ongoing brush cutting throughout the year. Now that we're getting some rain, all the brown stuff has turned green. Imagine that!
- Sight-In days October 14th&15th. Open to the public.
