## It's 2018 Baby!

### MEMBERSHIP SESSIONS:

#### Jan, Feb & Mar:

- 1st & 3rd Sundays -  
1:00pm at the range
- Every 1st Tuesday -  
7:30pm at the range

- 2017 has come to an end, and boy was it a whirlwind of work and effort. Much thanks to those who volunteered to help keep the ship afloat and full steam ahead. More stewardship will be required in the future, so all members should consider stepping up to help keep the range in operation. We're an all-Volunteer operation, and we need your help. Let us know what you can do to spread the workload.
- Now that we have built up a decent savings, we will be looking closely at what we can repair and improve over the upcoming year. Probably the most pressing is repairing the

erosion damage around some spots in the backstop. Some of the support pylons have shifted, and getting them fixed up is likely to require heavy equipment and cost a pretty penny. We'll be looking at several options here.

- The borrow pit behind the 100 yard bay and east of the 200 yard bay is overgrown with retama and mesquite. We will need to clear all this scrub to prevent it from growing to epic proportions. This is better done in the cool climate than the blast furnace of summer. Depending on what equipment is operating out there for this task, we might shut down the 100 and/or 200 yard bays while clearing operations occur. Stay tuned to the website for updates on this. Hopefully we can get it done quick and move on the next operation.
- Shoot straight. Shoot safe.
